

27th February 2019

Hello, my name is Arya, I am a German Shepherd cross Labrador and I'm hoping to find my forever home. I've been waiting for 285 days, which I'm told is just over 9 months! I came to Margaret Green Animal Rescue as an unclaimed stray and I wasn't in a great way. I'd lost some of my fur on my back and had sore skin, I was underweight and also suffering from an eye infection, but the staff here gave me lots of TLC to get me healthy again.

*Bye for now
Arya*

15th April 2019

I haven't always had the best experience with humans, so it can take me a little bit of time to know I can trust you but once I do know you, I'm your best friend.

I am hoping someone will see my fun personality! Today I enjoyed a game of chase with my doggy friends here at Lincoln Farm, even though my Lurcher friends are faster than me! I even play bowed at the staff then did lots a zoomies because I love life to the full!

*Bye for now

14th June 2019

I had the best day today. I played with my favourite toy, which is a new one of course! I just adore adding new toys to my collection. I am really hoping I find my Forever Home with people that have experience of owning dogs before – preferably German Shepherds.

21st September 2019

I spent lots of time today splashing about in water, it is one of my favourite things to do! My carers kept telling me today that I am a smart girl who enjoys her training sessions and they feel my new owner should carry these on. I agree, as I get all the tasty rewards!

I really do love food, I am on count down until it's supper time. I am also looking forward to tomorrow as I hear my favourite volunteer is taking me out on an adventure. She says I am a good girl for travelling so well in the car and that I am house trained too!

13th December 2019

I can't believe how long I have been waiting for my own home, I do enjoy having friends at the centre but it isn't a home environment that I would so love to have. I sign my diary off by saying if you think you can offer me the forever home I am craving please do contact the Lincoln Farm team today. I would love to find my forever family in time for Christmas.

Lots of wags and cuddles

Arya X
